

Welcome Juan from Fenix

Posted on July 4, 2019

DWR looks forward to meeting Juan Bautista, Fenix's Area Sales Manager for Africa.

What animal would you choose as your animal sidekick if you were in a movie?

I would choose (a) Chewbacca. They know how to drive a spaceship, how to shoot a gun, he does funny sounds... and he looks so fluffy!

What was your dream job when you were five?

Like any other kid I wanted to become a professional football player. Then when I realised how healthy I had to eat, how much I had to train and how badly I played I decided to go to Law School...

What's favourite car of all time?

Welcome Juan from Fenix

Undoubtedly, a DeLorean DMC-12. A car that can take you to the past, to the future or to the supermarket.
