20 February 2012

Easy Moeketsi and Basinki Sekori Sometimes you have to brag and this is one of those occasions! DWR Distribution have an outstanding team who go the extra mile and for that we are grateful! Well done to Easy Moeketsi and Basinki Sekori (AKA Alex) who received accolades from the Tshwane University of Technology Drama Department.

Well done!

We did think of having a DWR “Staff Member of the Month Award”, but came to the conclusion that these two would probably win it every time!

Below please find a letter from Gerda Kruger, Manager of the Breytenbach Theatre Faculty of the Arts, Tshwane University of Technology.

“Dearest Duncan

We recently upgrade the Tshwane University of Technology’s Department of Drama and Film’s Rostrum Theatre with the purchasing of a brand new

STRAND 200 plus Lighting Console, some Strand Selecon Profiles and changed the old cable infrastructure to a Socapex system to expose the students to a real world way of working.

Eazy and Alex from DWR did the socapex installation and as can be expected from DWR, they went the extra mile with a neat and professional installation.

On behalf of the Drama Department we would like to thank DWR and especially Eazy and Alex.

Kind regards

Gerda”
