DMXking available from DWR

DWR Distribution is thrilled to serve as the official South African distributor for DMXking. Originating from New Zealand, DMXking specializes in delivering top-notch DMX512 interfaces.

In pursuit of a cost-effective Artnet solution tailored to our market, the company introduced a few DMXking units to the country for a thorough evaluation. The unanimous consensus was that these units were excellently crafted, user-friendly, and proficient in both Artnet and sACN functionalities.

DMXking is designed to be plug-and-play right out of the box, boasting intuitive software that is remarkably simple to use.
